Sports, Guitar playing,
Cooking & Drawing

Profile

I am a full-stack developer who enjoys transforming designs into real and usable products. I specialize in JavaScript for web development, but also possess various skills, such as using Flutter for developing mobile apps. Additionally, I have experience in designing interfaces for the web. I collaborate effectively within teams and am very eager to learn new skills.

Education

Full-stack Developer, Winc Acedemy, Online

MARCH 2023 - MARCH 2024

During my time at Winc Academy, I engaged in a variety of practical front- and back-end projects. The front-end projects primarily involved working with React.js, after refining my skills in HTML, CSS, and JavaScript. On the back-end, the emphasis was on constructing APIs with Express and utilizing Object-Relational Mapping with Prisma.

Web Engineer, College of Multimedia, Amsterdam

MARCH 2022 - OKTOBER 2022

During the first half of my training at the College of Multimedia, we focused on designing and prototyping for the web, using a variety of Adobe programs. The second half was spent on bringing the designs and prototypes to life using HTML, CSS, JavaScript, and jQuery.

Hoger algemeen voortgezet onderwijs, Natuur & Techniek, Amstelveen College, Amstelveen

SEPTEMBER 2013 - MAY 2019

Employment History

Shop assistant, Het Fietshuys, Amstelveen

FEBRUARI 2019 - PRESENT

While working at the bike shop Het Fietshuys, I had to undertake various tasks: accepting and processing repairs, handling bicycle sales, providing customer service, managing inventory and managing their website. This experience also taught me the importance of teamwork and communication.

Order picker, Spar Amstelveen, Amstelveen

MAY 2016 - DECEMBER 2016
